

Procurement Consultancy

Driving improvement through procurement expertise

We specialise in developing procurement expertise, influence and performance within Higher and Further Education institutions and (FE) colleges. Working across all areas of procurement development and management, our consultancy will enable you to deliver improved procurement efficiency and effectiveness in your institution. As providers of the Procurement Maturity Assessment+ (PMA+) Programme and Value for Money Procurement Assessments, we bring a wealth of knowledge in sector best practice to support your institution's goals.

How can the PSS support you?

- Brexit readiness
- Short-term resource and project support
- Tender management
- Category management
- Spend analysis
- Personalised mentoring and professional development
- Purchase-to-pay implementation
- Performance measurement and reporting
- Supplier strategy and performance management
- Provision of PMA+ Programme
- Provision of VfM Procurement Assessment

“The PSS’s expertise of running tender exercises, producing formal framework documentation and its experience of managing successful client/supplier relationships has been invaluable.”

- OfS (formerly HEFCE)

Meeting Procurement Challenges

The education sector is in constant change and there is a greater demand for procurement functions to deliver efficiency and effectiveness. Our support can help you address immediate and long-term concerns, to deliver better value for your institution.
